CAREER SUMMARY

Full-Stack Web Developer specializing in React.js, Next.js, JavaScript, Node.js, Express.js, and MongoDB. Experienced in building responsive web applications, designing RESTful APIs, implementing robust authentication systems, and optimizing user workflows. Passionate about developing scalable frontend interfaces and modern full-stack backend solutions.

TECHNICAL SKILLS

Programming Languages	JavaScript (ES6+), HTML5, CSS3
Frontend Technologies	React.js, Next.js, Tailwind CSS, DaisyUI, HeroUI, React Hook Form
Backend & Databases	Node.js, Express.js, REST APIs, MongoDB, MongoDB Atlas
Auth & Security	Better Auth, Google OAuth, JWT, Protected Routes, Role-Based Access Control
Payment & Tools	Stripe Checkout, Axios, Git, GitHub, Vercel, Vite, npm
Libraries	Recharts, Framer Motion, Swiper.js, React Hot Toast, React Icons

WORK EXPERIENCE

Freelance / Project-Based Full-Stack Web Developer Dhaka, Bangladesh | Jan 2023 – Present

- Engineered, deployed, and maintained full-stack web applications utilizing modern JavaScript and Node.js stack.
- Designed modular RESTful APIs, implemented secure role-based authorization, and integrated payment gateways like Stripe Checkout.
- Optimized web applications for speed, responsiveness, and seamless cross-browser accessibility.

KEY PROJECTS

TicketHub – Online Ticket Booking Platform Live Demo | GitHub

Technologies: Next.js, Node.js, Express.js, MongoDB, Stripe, Recharts, Tailwind CSS

- Developed a multi-role (User, Vendor, Admin) ticket booking application with secure JWT and Google OAuth authentication.
- Engineered ticket management featuring dynamic search, filtering, pagination, and Stripe Checkout payment flow.
- Built Vendor & Admin analytics dashboards with dynamic revenue charts (Recharts) and approval workflows.

MediQueue – Tutorial Booking & Learning Platform Live Demo | GitHub

Technologies: Next.js, Node.js, MongoDB, Better Auth, JWT, Tailwind CSS

- Created an interactive tutorial booking platform enabling users to browse sessions, book appointments, and track learning.
- Integrated Google OAuth and email/password authentication using Better Auth with secure session handling.
- Designed interactive personal dashboards to streamline course enrollment and scheduling management.

SkillSphere – E-Learning Course Platform Live Demo | GitHub

Technologies: Next.js, Tailwind CSS, HeroUI, Better Auth, MongoDB

- Designed a responsive e-learning UI for course discovery, detailed course views, and user profile management.
- Configured Better Auth with a custom MongoDB adapter for smooth authentication and streamlined authorization states.

EDUCATION & CERTIFICATIONS

Complete Web Development Course – Programming Hero

Master of Arts (M.A.) – National University, Bangladesh 2018 – 2019

Bachelor of Arts (B.A.) – National University, Bangladesh 2013 – 2014

ADDITIONAL INFORMATION

Languages: Bengali (Native), English (Professional Working Proficiency)

Core Strengths: Problem Solving, Responsive Web Design, REST API Integration, Git, Deployment
