- Bangla — Native
- English — Intermediate

PROFILE

Passionate Full Stack Web Developer with experience in designing and developing modern, responsive, and user-friendly web applications using React.js, Next.js, Tailwind CSS, Node.js, Express.js, and MongoDB. Strong understanding of frontend and backend development, authentication, REST APIs, and responsive UI/UX. Eager to contribute to innovative projects while continuously learning new technologies.

MY PROJECTS

● TicketHub - Online Ticket Booking Platform

- Tech Stack: Next.js, Tailwind CSS, Node.js, Express.js, MongoDB
- Developed a role-based ticket booking platform for users, vendors, and administrators.
- Implemented authentication, vendor dashboard, admin dashboard, and responsive UI.
- Live: <https://ticket-hub-p6hh.vercel.app>
- GitHub: <https://github.com/arifislam121416/TicketHub>

● SkillSphere - E-Learning Platform

Tech Stack: Next.js, Tailwind CSS, Node.js, MongoDB

- Developed an online learning platform with course management features.
- Implemented authentication and a responsive, modern user interface.
- Live: [Create and manage the marketing budget, ensuring efficient allocation of resources and optimizing ROI.](#)
- [Oversee market research to identify emerging trends, customer needs, and competitor strategies.](#)
- [Monitor brand consistency across marketing channels and materials.](#)
- GitHub: [Create and manage the marketing budget, ensuring efficient allocation of resources and optimizing ROI.](#)
- [Oversee market research to identify emerging trends, customer needs, and competitor strategies.](#)
- [Monitor brand consistency across marketing channels and materials.](#)

● MediQueue - Appointment Booking System

Tech Stack: React.js, Express.js, MongoDB, Firebase

- Built an appointment booking platform with secure authentication and booking management.
- Designed a responsive interface for a smooth user experience.
- Live: [Develop and maintain strong relationships with partners, agencies, and vendors to support marketing initiatives.](#)
- [Monitor and maintain brand consistency across all marketing channels and materials.](#)
- GitHub: [Develop and maintain strong relationships with partners, agencies, and vendors to support marketing initiatives.](#)
- [Monitor and maintain brand consistency across all marketing channels and materials.](#)
